

Project: Footwear Carbon Footprint (Reference: LIFE12 ENV/ES/000315 – CO2Shoe)

Dissemination in SwitchMed Side Event "Eco-innovative solutions for the footwear and tanning industries" (Casablanca, Morocco, 24th January 2017)

The SwitchMed program is a joint initiative of the United Nations and the European Union which objective is to promote environmental projects that can be replicated in the participating countries of North Africa. In parallel, a specific event was organized, entitled "Eco-innovative solutions for the footwear and tanning industries", where INESCOP presented the CO2Shoe project in order to contribute to an environmental improvement of the sector in Morocco.
